J. C. HILL, Proprietor. J. W. M. GORDALE, Editor. OFFICE: 512 AUSTIN AVENUE.

Entered at the postoffice at Waco, Texas, as second-class mail matter.

SUBSCRIPTION FIFTY CENTS A MONTH.

WACO, TEXAS, SEPTEMBER 29, 1888.

The local statistician of the New York Times, after a careful calculation estimates that there will be 239,000 votes cast in that city in November, or about 12,000 more than were cast in 1884.

Wm. Dardin, a candidate from Alabama preparing for a Naval Academy accidentally shot himself Saturday at Annapolis with a pistol, inflicting a wound in the back of his neck. He was not seriously hurt.

A number of the sleeping car conductors of the Wagner Palace Car Company have been discharged that there was a combination formed by which the company has been systematically robbed for many months. The whole conductors system of the company, it is said, will be changed in order to prevent frauds in the future.

James Brady, a notorious burglar, has just been released from Sing Sing Prison, and the police in all the cities are watching closely for him to turn up. Brady is one of the four men who were concerned in the bold attempt to rob the First National Bank at Wilmington, Del., some time ago. The men were detected after they had tied the cashier and the members of his family, who occupied an adjoining and communicating house.

Judge Thayer of the United States Circuit Court, sitting in St. Louis on Monday last, suggested to the council of ex-Messenger Fotheringham, in whose favor a jury in the lower court had rendered a verdict of \$20,000 damages against the Adams Express Company, that their client should reduce his claim to \$12,000. The council replied that the decision of the court would be accepted. Judge Laughlin, the attorney of the express company thinks that the company will appeal. The messenger, it will be remembered, was arrested and imprisoned for two weeks charged with the robbery, the real robbers afterward captured and convicted and most of the money recovered.

The Electric Automatic Transit Company, controlling the patents for sending automatic cars or cartridges great distances at enormous speed, have nearly completed their plant and sample track at Baltimore. It will be furnished with a Sprague dynamo and an iron car 30 inches deep, 24 wide and 18 feet long. The car, which is pointed at the prow, runs on wheels 28 inches in diameter on tracks 28 inches apart. The electricity comes from a central upper rail. The barks will be worked by electricity. It is asserted that cars could be run from Baltimore to Washington and return loaded with mail and unattended by any one.

The fever epidemic in Florida will prove disastrous, it is expected, to the orange growing industry for this season. Although the orange trees in the great groves along the St. Johns and Indian rivers are now bending to the ground under the weight of the ripening fruit, enough help cannot be secured to gather the enormous crop, and oranges are rotting on the ground. As a matter of fact the fruit could not be shipped North now, even if the crop were properly gathered, for the quarantine restrictions are so rigid. Oranges were never so dear in New York and Philadelphia as they are now. Nearly all there are in the market of these cities are taken from Bermuda, and these are not very good in quality.

## Committees in Session.

At the general meeting of all the committees, held in Gen. Robertson's office last night the following notice was issued:

In order that every visitor and stranger may be suitably entertained, we request all families to bring out to Padgett's Park on Oct. 1st, well filled baskets and lend the aid of their hospitality to entertain the guests.

ROBT. H. ROBERTS, Chairman.

J. H. QUARLES, Secretary.  
A. Hinckman, F. H. Robertson,  
L. B. Daugherty, W. E. Hirschfield,  
Wm. H. Criss, Wm. Davis,  
Jas. B. Baker, John J. See,  
J. E. Elgin, R. G. Wheeler,  
Ed. B. Levy, M. Quinn,  
J. V. Smith, A. G. Riddle,  
Lee Trier, A. J. Caruthers.

## Monday's Issue.

The News will publish on Monday a six column paper and will soon make that the permanent size. The encouragement it has so far met at the hands of the subscribers and advertisers encourage the proprietor to extra exertions to improve the paper as rapidly as possible. It has met with nothing but kindness since its inception, for all of which the management desires to express their gratitude. Meanwhile advertisers assure us that the money they spend with us is well spent. The paper is widely read and the advertisements are responded to in a practical way. The issue of Monday will be a large one and a large number of copies will be sent out through the city gratuitously, and thus make it an extra valuable one for advertising purposes. All advertisements should be handed in to the office before 10 a. m. on Monday if possible.
